

ALEXANDRIA.

WEDNESDAY EVENING, NOVEMBER 23.

ney's friends fear that his health is not sufficiently recovered to permit of his performing even the duties which at present meet with his attention.

Ex-representative Barbour of the Alexandria district was at the Treasury Department to-day. Mr. Barbour says the assertions of Mahone and his supporters to the effect that there was false counting at the recent election in his State and that election officers were changed previous to the election for that express purpose are utterly unfounded and entirely incorrect. He says the count was conducted just as it was under the Mahone regime except that of the three counties at each precinct at the recent election two were democrats, while when General Mahone had control of the State two were republicans. He says several of the counties at the late election went republican by such small majorities that had the democrats been disposed to resort to fraudulent counting they could have done so with impunity. When asked about his probable election to the U. S. Senate, he said that was a subject about which he did not like to talk, but that he could say to his friends that from the unsought information he had received he was induced to believe he would be elected without democratic opposition. Returning to the unfounded republican assertions above referred to, he said they were doubtless put forth to brace up the republican party in the State, and that the statement that Virginia had gone republican by the popular vote was made for the same purpose. That there was nothing in the latter, he said, was proved by the fact that in some of the counties the democrats did not turn out to vote at the recent election, the republican majorities in those counties being so large that the democrats nominated no candidates.

The Treasury Department to-day decided that the image of a large dragon and its apparel, and incense pots and incense, imported at San Francisco, and to be used in a Chinese temple there, are not exempt from duty.

Senator Riddleberger was still here at noon to-day, though he is booked for a speech in Philadelphia to-night. The Senator is now well disposed not only toward all his republican colleagues, but toward the republican officers of the Senate, and as all of them are disposed to treat him with the utmost consideration and allow him his full share of patronage, he will do nothing toward changing the organization of the Senate.

It now appears that Mr. Rives, of New York, was the second choice for the position of Assistant Secretary of State, that place having previously been offered to Mr. Robb, of the same State, who declined it. Mr. Gates Holcombe, formerly of Alexandria, will leave here Friday night in charge of one of the several engineering parties who are to locate the route for the proposed Nicaraguan interoceanic canal. His party will be engaged in the location of the rocky portion of the route that part that will include about three miles in length and one hundred and eighty feet deep, through solid rock. The entire length of the canal will be one hundred and sixty miles, in which there will be no tunnels. It is estimated that the location of the route can be completed in nine months, and the construction in six years.

To-morrow will be observed here as a general holiday, and all the government and department offices, and all the stores will be closed. The New York Associated and the United Press offices will also be closed and the evening newspapers will not be issued.

Mr. Carlisle is reported to have said yesterday that in the next Congress the line will not only be drawn between democrats and republicans, but between democrats and obstructionists.

The President has almost completed his message to Congress. An authority that certainly should be reliable it is reported that in it he will recommend a reduction of the revenue to the extent of one hundred million dollars, chiefly on raw materials and the necessities of life, but including the removal of the tax on leaf tobacco.

VIRGINIA CONFERENCE M. E. CHURCH SOUTH.—At the fifth day's session at Danville yesterday the board of church extension reported the amount at the disposal of the board during the year to be used in aid of needy churches, \$149,883. The board has had application for aid to the extent of \$831,000 and donated the entire amount in hand to needy churches.

Rev. A. G. Brown, chairman of the joint board of finance, submitted the following interesting synopsis of statistical and fiscal reports: Members of church in the Virginia Conference, 93,008; money raised for all purposes this year, \$79,555.19; payments of preachers' salaries, \$153,354.98; money received for building and repairing churches and parsonages, \$86,822.98; value of church property, \$1,729,443.66; total missionary fund \$28,951.85.

At the afternoon session a resolution commending Sunday trains, stage coaches, steamboats and street cars was voted down, and in its stead a resolution admonishing the membership of the church to remember the Sabbath Day to keep it holy was passed.

CHANGE OF MANAGEMENT.—It was stated in the GAZETTE last week that a change in the management of the Richmond and Danville railway system was expected to take place at the next meeting of the company. The Richmond State of yesterday says:

Gen. T. M. Logan will not be elected president of the Richmond and Danville at the meeting in Richmond in January. He has never sought the position, preferring, it is said, to remain first vice president. The new president will be John H. Inman, the millionaire Georgian, with residence in New York. Mr. Inman stands very high in financial and railroad circles and it is thought his acceptance of the presidency of the road will add great strength to it. He is a particular friend of Gen. Logan. Whether Mr. Inman will also become president of the Terminal Company has not yet been decided, but it is probable that he will hold both positions.

The Crown Prince's Malady.—BERLIN, Nov. 23.—The National Zeitung says: "It is reported in medical circles that Dr. Virchow found no cancerous particles in the discharge from the growth in the Crown Prince's throat. The portion sent to Dr. Virchow was much shaken in transit."

The refusal of every leading politician to form a cabinet is regarded as making the resignation inevitable. The moderate Senators are furious with M. Grevy for offering carte blanche to M. Clémenceau, even in conjunction with Gen. Boulanger. They insist that he ought to have retired rather than make such an offer.

LYNCHING.—John H. Bigus, the colored man who committed a brutal assault on Mrs. Yeakle on Friday night last, was taken from the jail at Frederick, Md., by a mob of 100 men, nearly all of whom were masked, and hanged to a tree at Jefferson Heights, yesterday, not a quarter of a mile from the jail. Bigus, when seized, cried out that he was innocent, but he was ordered to come on, and with the rope tied around his neck was led to the tree on the above named height, and asked to confess. He replied that he would do so. When they arrived at the tree he asked that the rope be loosened, to allow him to pray. This was done, and Bigus, again protesting his innocence, said that Joe Hall, the man who was arrested, was the guilty man, and that he stood by and saw him do it. One of the men standing by him exclaimed, "You are a liar, you black—, and you have got to die." The rope was then thrown over a limb and the negro was quickly suspended into the air. Three shots were fired into his body and the crowd dispersed, apparently well satisfied with their work. Before Bigus was pulled up his hands became untied and he fought fearfully until he was tied again.

TO-DAY'S TELEGRAPHIC NEWS.

Ex-Senator Jones.

DETROIT, Mich., Nov. 23.—It became known for the first time yesterday to a few persons that ex United States Senator Chas. F. Jones, of Florida, who has for some unexplained reason sojourned in Detroit for two years past, is practically a beggar upon the streets, and but for the charity of a friend would be without food or shelter.

When Mr. Jones came to Detroit he was very free with his money and gave lavishly to benevolent purposes. He boarded at the best hotel until a few months ago, when he was unable to pay his bills. He then went to a cheaper house and last night his room was locked on him and he slept on the floor in the hall. He was observed by a man whom he had befriended in his better days and has been taken to the man's home.

Mr. Jones is almost a mental wreck. He is pursued with the idea that some enemies whom he never names are following him and that he will yet "down them."

Ravages of Forest Fires.

CARROLLTON, Ill., Nov. 23.—Forest fires are raging in the woods along the Illinois river and Macoupin Creek, in this county, and have destroyed thousands of rails, miles of fence and some corn, but no buildings of value. The only fatality thus far reported in connection with these fires is the death of Evans N. Green, who was burned in the woods twenty miles southeast of here. He was a drinker and much in the habit of spending his days and nights in open air and it is supposed the fire found him asleep. His clothes were almost entirely burned off, and his body was terribly scarred by the fire. The deceased was about 60 years old, a man who had been wealthy and still possessed a competency.

Shot at a Camp Fire.

BILLINGS, Mont., Nov. 23.—Two cowboys, Wm. Lang and Frank Lowes, who had camped on Fly creek, Crow reservation, became engaged in an altercation yesterday. Lang pulled a pistol and shot once at Lowes, the barrel striking his shoulder and the ball passing through his hat. Lang then said, "I will kill you before morning. Lowes went out to picket his horse, and returning stopped at a wagon, removed a rifle therefrom and shot Lang dead at the camp fire. Lowes came in last night accompanied by the cook of the outfit and an Indian, both eye witnesses, and delivered himself up to the sheriff here.

Affairs in France.

PARIS, Nov. 23.—It is reported that M. Ribot, member of the Chamber of Deputies for the department of Pas de Calais, will form a new cabinet, among the members of which will be M. Goblet and M. Deves.

The Journal des Debats advocates the awaiting of the result of President Grevy's efforts to form a cabinet, but says it is impossible not to see the gravity presented by the prolonged uncertainty, which offers the chance for the creation of a dictatorship or an outbreak of disorder.

Would-be Luddites.

NEW YORK, Nov. 23.—Lucille Brinkford and Mary White, the two young girls who attempted suicide yesterday by taking sugar of lead at their lodging house, No. 10 Varick Place, were sufficiently recovered to-day to be arraigned in court, charged with the attempt on their lives. They gave as a reason for their conduct that they could not obtain employment and did not want to live lives of shame. The magistrate held them for trial in default of \$1,000 each.

An Unusual Action at Law.

AUGUSTA, Ga., Nov. 23.—A special to the Chronicle from Laurens, S. C., reports that an unusual action at law began there yesterday. Some time since John D. Sheahan killed Rufus Bishop, and at the next term of the court was acquitted. Yesterday the executors of the estate of Bishop filed a suit against Sheahan for \$20,000 for the killing, and an attachment was issued against Sheahan's property for \$20,000.

Facts Worth Knowing.

In all diseases of the nasal mucous membrane the remedy used must be non-irritating. The medical profession has been slow to learn this. Nothing satisfactory can be accomplished with doings, snuffs, powders, syringes, astringents, or any similar application, because they all irritate, do not thoroughly reach the affected surfaces and should be abandoned as worse than failures. A multitude of persons who have for years borne all the worry and pain that catarrh can inflict, test to-day to radical and permanent cures wrought by Ely's Cream Balm.

MONETARY AND COMMERCIAL.

NEW YORK, Nov. 23.—The stock market was strong again at the opening this morning, first prices being from 1/8 to 3/4 per cent. above the closing figures of last evening in most cases. The market was weak from the opening, however, and the early advantage was soon lost, the declines in the general list being from 1/8 to 3/4 per cent. The decline was checked shortly after 10:30 when the market, which had been fairly active, became quiet to dull. Some slight improvement was noticeable after that time and at 11 o'clock the market was quiet and firm, but near the lowest prices of the morning.
